COURSE DESCRIPTION

This program will distinguish itself with a special focus on conservation, sustainability, and culture, allowing the students to dive into the Costa Rican culture, its way of life, its biodiversity at the time in which it accomplishes academic goals to give participants an accurate picture of environment and sustainability, as well as an understanding of these subjects to excel in any field in harmony with the environment. Through all the first-hand experiences, students will have during this program, exposition to many unique activities which at the end of the day, will reaffirm or even help develop new skills sets, as well as the ability to adapt and succeed in a wide array of situations, professionally and personally.

The students will learn and understand the importance of eco/sustainable activities and integrate these theories to effectively market and sell a destination, activity or product while sustaining the preservation of the community and its environment. They will experientially gain knowledge actively participating in fieldwork, nature-based and adventure activities that are included in this program. Through the exercises and activities, students will recognize the impact of environmental and cultural issues related to tourism and general business practices.

Costa Rica is determined to be the first Carbon Neutral country in 2022. On this premise, the country has been developing in all the areas of the economy actions in those directions, which offer a learning opportunity. There has been a strong prominence placed on the effects of global warming. It is important for our students to completely understand elements and the inter-relationship of eco-tourism and sustainable tourism, the impact of our actions (at an organization and individual level) regarding the environment globally and locally and to differentiate between organizations taking action or “greenwashing”.

Students will focus on the country’s initiatives in conservation of biodiversity, social responsibility, sustainable development, with an emphasis on tropical ecosystems, indigenous community, and mitigating the effects of global warming. At Malecu Indigenous Territory, students will work on service projects alongside local community.

PROGRAM COST

The estimated cost of \$1,800 includes housing for the duration of the trip, local transportation, admission to required national parks, biological reserves, theaters and museums, adventure and educational tours, most meals, and mandatory international health insurance. The program cost does not include the \$500 Honors College non-refundable fee, FIU instructional fees, airfare, meals, and personal expenses (including out-of-class transportation).

IDH 4007**STUDENT PROJECTS**

All the projects should be focused on Costa Rica, but the general importance of the subjects you choose should include the impact on Latin American regional as well as global issues. The projects (and sharing them with the rest of the class) will be a springboard and preparation for our trip.

Each project will be presented to the class (20-minute presentations with additional time for discussion). Each project should generate a 1000-word paper and appropriate visual materials for the presentation. Please submit a copy of your slides (and other relevant material) electronically.

Suitable topics to consider will be explored both in class and during instructor office hours. Once the research methodology to investigate the topic has been established, we will decide on how each individual paper will be structured.

(Read this: [U.S. Citizens, U.S. Nationals, U.S. Lawful Permanent Residents, and Immigrants: Travel to and from the United States | CDC](#))

Should they contract COVID-19, they will have to abide by the rules of both the airline and their country of destination. It will be their responsibility to keep themselves healthy and able to participate in their program. Students who are not allowed to go as a result of having exposed themselves, or should their departure get delayed, will be responsible for the extra charges. Refunds will NOT be awarded and posted charges will not be removed.

Academics:

In order to participate in an Honors study abroad program, students must *maintain* a minimum cumulative FIU GPA of **3.3**. Students who fail to comply will not be allowed to participate in IDH 4007 and/or IDH 4008. Refunds will NOT be awarded. Posted charges will not be removed

Refunds will NOT be awarded. Posted charges will not be removed.

Students found responsible for an Academic Misconduct Violation will be dismissed from the Honors College upon notification of findings and will not be allowed to participate in, or travel with the program. Refunds will NOT be awarded. Posted charges will not be removed.

Students studying abroad are expected to represent the Honors College and FIU honorably and maturely. The faculty director and/or staff are authorized to end the program early for students whose behavior becomes disruptive (and/or violates the FIU Student Conduct and Honor Code.)

Payments:

Once students apply online, they must secure their spot with the Honors College with a **blank, non-refundable \$500 cashier's check or money order (ONLY,) and all the required documentation.**

Study abroad payments are *non-refundable* and are made in 3 installments. The OEA will post the charges on the student's account approximately 3 weeks before each payment deadline. Once the charges are posted, they cannot be removed.

Students who secure their spot *after* charges for an installment(s) have been posted will have the overdue payments added to the next deadline's charges

Students are responsible to ensure with Student Financials that any payment made towards their study abroad program is indeed applied to that program.

Students who pay their **program fee** through a scholarship or Financial Aid are still responsible for having the payments made on time and in their entirety. Therefore, it is the student's responsibility to contact Financial Aid to ensure compliance. If any delays are foreseen, it is the student's responsibility to notify the Honors College of the situation *before* the deadline. If their aid/scholarship will not cover the full amount due, it is the student's responsibility to pay the remaining balance out of pocket. Students who fail to comply will not be enrolled on the program and will not be allowed to participate in, or travel with the program. Refunds will NOT be awarded. Posted charges will not be removed.

Payments must be made no later than the deadline published at <https://honors.fiu.edu/studyabroad/payments> (December 1, 2022, January 3, 2023, and February 1, 2023). If students fail to make them on time, the university will apply a \$100.00 late fee to their account. Late fees cannot be removed.

After each payment deadline there is a one-week grace period, an *extended* deadline, when payments are still accepted. However, the **late fee will still be applied, and students may get a hold on their account***. If students fail to complete their payment within exactly that *one-week* grace period, and had not notified the Honors College in advance, they will be withdrawn from the program and will not be allowed to participate in IDH 4007 and/or IDH 4008 or travel with the program, depending on the time the payment was missed. Refunds will NOT be awarded. Posted charges and late fees will not be removed.

*Students with holds on their accounts cannot be enrolled for classes.

Students who pay their **program's tuition** through a scholarship or Financial Aid are still responsible for having the payments made on time and in their entirety. Therefore, it is the student's responsibility to contact Financial Aid to ensure compliance. If any delays are foreseen by Financial Aid, it is the student's responsibility to pay the balance out of pocket by **FEB 1, 2023, 11:59pm** for IDH 4007 and by **MARCH 28, 2023, 11:59pm** for IDH 4008. Students who fail to comply will not be allowed to participate in, or travel with the program. Refunds will NOT be awarded. Posted charges will not be removed.

Students must pay OEA'S \$195 fee by **MARCH 1, 2023, 11:59pm**. If they fail to comply, they will not be allowed to participate. Refunds will NOT be awarded. Posted charges will not be removed.

FIU and the Honors College strongly discourage making big purchases, such as airline tickets, before the programs are confirmed by OEA. If canceled, FIU cannot refund these, or any other expenses related to the programs not paid directly to FIU.

Switching, Withdrawals, and Cancellations:

Once students are registered, they are not allowed to switch programs. Students who still want to change programs will have to withdraw from the initial one, first, with no refunds. Then secure their spot in the new program, pay the \$500 deposit again, and complete all the new program's missing payments. Permission to apply for the second program is at the full discretion of the Honors College.

Withdrawal from a program will only be permitted for medical reasons. In order to request a medical withdrawal, students must provide appropriate medical documentation from a physician licensed in the United States. Otherwise, they will remain responsible for all charges.

Students that are dropped from a program for lack of payment, lack of documentation, or due to FIU Student Conduct and Honor Code sanctions, will still be responsible for the charges already posted to their account. That balance will still be due.

FIU and/or the Honors College reserve the right to cancel study abroad programs—the *only* case in which a refund *will* be made. The refund will cover the program's cost and the \$500 deposit. Late fees will not be refunded or removed. Students will be responsible for fees or losses incurred in cancelling or changing their airfare ticket and any other expenses not covered by the program fee. Consideration to purchase Trip Cancellation insurance coverage is recommended. Refunds for the \$195 OEA fee will be at OEA's discretion.

If the program gets canceled once the IDH 4007 course has started, students will continue that course until finished. They will obtain 3 academic credits for it and their tuition for the course taken will not be refunded.

By signing up to participate in a study abroad program, students are assuming all the above-mentioned responsibilities and are committing to comply with them without further notices.
